Books | Data Journalism

Data journalism can help a journalist tell a complex story through engaging infographics. For example, Hans Rosling's spectacular talks on visualizing world poverty with Gapminder have attracted millions of views across the world. And David McCandless' popular work in distilling big numbers—such as putting public spending into context, or the pollution generated and prevented by the ...

The 18 Best Data Visualization Books You Should Read

The Data Journalism Handbook 2, revised and expanded, was published in 2019. It is available online in English and will be translated into Spanish, French and German. Edited by Jonathan Gray and Liliana Bounegru of the Public Data Lab, the 10 chapters focus on: "What is data journalism?"

Data Journalism

Easily a favorite "technical" book of mine. It's rare I read a book on the power of data / coding to do good in the world. This book did an excellent job of interviewing reporters and developers at the Guardian, ProPublica, La Nation, the Associated Press -- to get a true look at how data and data visualization can be used effectively in journalism.

The Data Journalism Handbook by Jonathan Gray

Every data journalism books available on the Internet 18 May 2016 book. You can find pretty much anything you want on the Internet about data journalism. However, sometimes it's better to start from books, to get a clear view on the specific topic.
