Free registration at Read Print gives you the ability to track what you've read and what you would like to read, write reviews of books you have read, add books to your favorites, and to join online book clubs or discussion lists to discuss great works of literature.

### Floor Plan N Ground Level

When an architect makes a plan of a building, he considers the road level as  $\pm$  (0'-0"). That means the road in front of the plot is considered as  $\pm$  (0'-0") level. So, when you see a level mark as + (4'-0") on the ground floor plan of a building, you should build the ground floor 4' above from the road level.
