Gomella's Neonatology makes it easy to quickly retrieve information and includes sections on procedures and drug administration. The volume of information in this field has exploded over the last several decades and physicians, especially trainees, need a quick, dependable reference to inform their clinical decisions.

Gomella's Neonatology, Eighth Edition: 9781259644818 ...

The first edition was published in 1988 and was started during my neonatology fellowship at University of Kentucky Medical Center in Lexington. The origins of the manual were fairly simple and started as a series of handouts designed to help students and residents make it through their neonatal intensive care unit rotation.
