But when these stories jumped from the page to the circus stage and beyond, their cultural, economic, and political influence revolutionized popular culture and daily life. In this expansive and engaging narrative William Acree guides readers through the deep history of popular entertainment before turning to circus culture and rural dramas that celebrated the countryside on stage.

and their campaigns' fundraising, and their creativity to thrive in the midst of the troubled waters of national politics.

We have nominated who we believe are the most influential ...

Mexico - Mexico - Demographic trends: Mexico's population grew more than sixfold from 1910 to the early 21st century. The rate of natural increase began to rise rapidly in the 1940s because of marked improvements in health care standards and food supplies. There have been drastic declines in the death rate, and infant mortality, although still quite high in comparison with more-developed ...
