The Emotional Foundations of Personality: A ...

The primary emotions are what lay the foundations of personality - how we perceive and act in the world. Personality theory initially belonged to medicine (where it was believed to be caused by humors), which funny enough, is actually more in-line with Panksepp's neurobiological approach than our current models.

The Emotional Foundations of Personality — Tiago Books

Praise For The Emotional Foundations of Personality: A Neurobiological and Evolutionary Approach This important final work from Panksepp, who died in 2017, is a must read for those interested in personality theory, emotion theory, neuroscience, and clinical psychology. . . Essential.
