Using csh & tcsh describes from the beginning how to use these shells interactively.

Using csh & tcsh - O'Reilly Media

tcsh reads startup files a little differently than csh. If you have a file named .tcshrc in your home directory, tcsh reads that instead of .cshrc. In order to avoid repeating a qualifying phrase throughout this handbook, it should be understood that references to .cshrc mean ".tcshrc if it exists and you're using tcsh, .cshrc otherwise." Any exceptions to this convention will be clear from the context.

4. The Shell Startup Files - Using csh & tcsh [Book]

All readers should start with Chapter 1. If necessary, change your login shell to csh or tcsh, using the instructions there. If you're a beginner, unfamiliar with the shell, or just want to review the basics of executing simple commands, you should then proceed to Chapter 2.
